

FAQs

What are the requirements to volunteer?

- Must be 16 years of age
- Must attend one volunteer training session (scheduled for March/April)
- Serve as a dependable, courteous and energetic ambassador for the Queen's Cup
- Ability to walk/stand for a minimum of 4 hours while volunteering

How does volunteering work?

New volunteers need to complete the online form below. Most shifts are a minimum of 4 hours. Last year's volunteers will have priority over first-time applicants and will be placed by the beginning of February. After that time, new volunteer applicants will be contacted to review open positions for the event. Before you commit, you will be asked to select a training date. Volunteers must attend a training session on-site, in Mineral Springs, NC, where the event is held in April.

What if I need to be scheduled with a friend or family member?

If you apply early, we may be able to assign you and your friend/family member in a position together. At the very least, will do our best to schedule you during similar time slots.

Can I bring my children with me?

Unfortunately, children are not allowed to accompany their parents to volunteer, but you can have others join you after your shift to enjoy the day! Those guests can purchase General Admission tickets from Harris Teeter in April. Children 12 & under are free.

What do I need to wear?

All volunteers wear an official volunteer t-shirt, which you will receive at the training, khaki bottoms (pants, shorts, skirt, etc.) and comfortable shoes.

Can I volunteer under a tent? There are limited amounts of seated, tented positions, so please consider your ability to stand and be out in the elements before you sign up. The event is run rain or shine.

What if I need to cancel after April 15? Our event is primarily run by our wonderfully dedicated volunteers and the success of it is based upon trained, loyal people. It is extremely difficult to replace and train volunteers the week before the races, so we ask that you consult your calendar and lock in the race date before you commit to our organization.

Further questions?
